

Special Board Meeting February 22, 2011

Location: Steph Uetrecht's Home, 19509 Lost Lake Dr.

Time: 2:30

Call to Order: 2:34

Quorum – yes (Steph Uetrecht, Dan Cardot, Fred Fischbach, Jerry Jerome, Jane Raleigh)

Agenda Item: Metolius Drive Situation

Several Parks residents have expressed concerns regarding the Metolius/Devils Lake intersection. Thanks to The Parks' Board involvement, several ideas have been incorporated. The City has devoted much effort to this issue, with safety being the bottom line. Issues discussed include:

- Due to the (initial) low traffic flow, stop signs aren't feasible at this time.
- Truck weight restrictions can't be enforced because it's a public road.
- Space eliminates any type of roundabout.

The City will hold a public Informational Open House within the next few weeks to provide information about the planned improvements.

The Board stands united on the outcome of the Metolius Drive improvements.

Adjournment: 3:05.

Respectfully Submitted,
Jane Raleigh
